## HOW TO CITE RULES AND RSMo

**RULES**—Cite material in the *Missouri Register* by volume and page number, for example, Vol. 28, *Missouri Register*, page 27. The approved short form of citation is 28 MoReg 27.

The rules are codified in the *Code of State Regulations* in this system—

Title	Code of State Regulations	Division	Chapter	Rule
1	CSR	10-	1.	010
Department		Agency, Division	General area regulated	Specific area regulated

They are properly cited by using the full citation , i.e., 1 CSR 10-1.010.

Each department of state government is assigned a title. Each agency or division within the department is assigned a division number. The agency then groups its rules into general subject matter areas called chapters and specific areas called rules. Within a rule, the first breakdown is called a section and is designated as (1). Subsection is (A) with further breakdown into paragraph 1., subparagraph A., part (I), subpart (a), item I. and subitem a.

**RSMo**—The most recent version of the statute containing the section number and the date.

**R**ules appearing under this heading are filed under the authority granted by section 536.025, RSMo 2000. An emergency rule may be adopted by an agency if the agency finds that an immediate danger to the public health, safety, or welfare, or a compelling governmental interest requires emergency action; follows procedures best calculated to assure fairness to all interested persons and parties under the circumstances; follows procedures which comply with the protections extended by the *Missouri* and the *United States Constitutions*; limits the scope of such rule to the circumstances creating an emergency and requiring emergency procedure, and at the time of or prior to the adoption of such rule files with the secretary of state the text of the rule together with the specific facts, reasons, and findings which support its conclusion that there is an immediate danger to the public health, safety, or welfare which can be met only through the adoption of such rule and its reasons for concluding that the procedure employed is fair to all interested persons and parties under the circumstances.

**R**ules filed as emergency rules may be effective not less than ten (10) days after filing or at such later date as may be specified in the rule and may be terminated at any time by the state agency by filing an order with the secretary of state fixing the date of such termination, which order shall be published by the secretary of state in the *Missouri Register* as soon as practicable.

**A**ll emergency rules must state the period during which they are in effect, and in no case can they be in effect more than one hundred eighty (180) calendar days or thirty (30) legislative days, whichever period is longer. Emergency rules are not renewable, although an agency may at any time adopt an identical rule under the normal rulemaking procedures.

the initial individual license fee from seventy-five dollars (\$75) to sixty-five dollars (\$65) and the individual license biennial renewal fee from ninety dollars (\$90) to eighty dollars (\$80). This emergency amendment is necessary to allow the division to collect the decreased license fees.

The scope of the emergency amendment is limited to the circumstances creating the emergency and complies with the protections extended in the *Missouri* and *United States Constitutions*. In developing this emergency amendment, the division has determined that the fee decrease is necessary to prevent funds from exceeding the maximum fund balance as set forth in section 324.524, RSMo. Pursuant to section 324.001.1(1), "A compelling governmental interest shall be deemed to exist for the purposes of section 536.025, RSMo, for licensure fees to be reduced by emergency rule, if the projected fund balance of any agency assigned to the division of professional registration is reasonably expected to exceed an amount that would require transfer from that fund to general revenue." The division believes this emergency amendment to be fair to all interested parties under the circumstances. This emergency amendment was filed June 11, 2013, becomes effective June 28, 2013, and expires February 27, 2014.

(1) The following fees are established by the Missouri State Board of Accountancy:

**PURPOSE:** The Missouri State Board of Accountancy is statutorily obligated to enforce and administer the provisions of Chapter 326, RSMo. Pursuant to section 326.319, RSMo, the board shall by rule and regulation set the amount of fees authorized by Chapter 326, RSMo, so that the revenue produced is sufficient, but not excessive, to cover the cost and expense to the board for administering the provisions of Chapter 326, RSMo.

**U**nder this heading will appear the text of proposed rules and changes. The notice of proposed rulemaking is required to contain an explanation of any new rule or any change in an existing rule and the reasons therefor. This is set out in the Purpose section with each rule. Also required is a citation to the legal authority to make rules. This appears following the text of the rule, after the word "Authority."

**E**ntirely new rules are printed without any special symbolology under the heading of proposed rule. If an existing rule is to be amended or rescinded, it will have a heading of proposed amendment or proposed rescission. Rules which are proposed to be amended will have new matter printed in boldface type and matter to be deleted placed in brackets.

**A**n important function of the *Missouri Register* is to solicit and encourage public participation in the rulemaking process. The law provides that for every proposed rule, amendment, or rescission there must be a notice that anyone may comment on the proposed action. This comment may take different forms.

**I**f an agency is required by statute to hold a public hearing before making any new rules, then a Notice of Public Hearing will appear following the text of the rule. Hearing dates must be at least thirty (30) days after publication of the notice in the *Missouri Register*. If no hearing is planned or required, the agency must give a Notice to Submit Comments. This allows anyone to file statements in support of or in opposition to the proposed action with the agency within a specified time, no less than thirty (30) days after publication of the notice in the *Missouri Register*.

**A**n agency may hold a public hearing on a rule even though not required by law to hold one. If an agency allows comments to be received following the hearing date, the close of comments date will be used as the beginning day in the ninety- (90-) day-count necessary for the filing of the order of rulemaking.

**I**f an agency decides to hold a public hearing after planning not to, it must withdraw the earlier notice and file a new notice of proposed rulemaking and schedule a hearing for a date not less than thirty (30) days from the date of publication of the new notice.

Proposed Amendment Text Reminder:

**Boldface text indicates new matter.**

*[Bracketed text indicates matter being deleted.]*

This fiscal note shows the number expected to renew annually.
3. It is anticipated that the total fiscal savings will occur beginning in FY2014, may vary with inflation, and is expected to increase at the rate projected by the Legislative Oversight Committee.

**IV. ASSUMPTION**

1. Employee's salaries were calculated using the annual salary multiplied by 51.41% for fringe benefits and then divided by 2080 hours per year to determine the hourly salary. The hourly salary was then divided by 60 minutes to determine the cost per minute. The cost per minute was then multiplied by the amount of time individual staff spent on the processing of applications or renewals. The total cost was based on the cost per application multiplied by the estimated number of applications.
2. The fee due for fingerprint background checks shall be paid by the applicant directly to the Missouri State Highway Patrol or its approved vendor.
3. It is anticipated that the total costs will recur for the life of the rule, may vary with inflation and are expected to increase at the rate projected by the Legislative Oversight Committee.

NOTE: The public fiscal note for this rule only reflects the cost for this particular process. However, the private entity fees are set at an amount to cover the total actual cost incurred by the office, which includes personal service, expense and equipment, and transfers.

**PROPOSED AMENDMENT**

**20 CSR 2235-2.065 Licensure by Endorsement of Written EPPP Examination Score.** The board is proposing to delete sections (2) and (3) and add a new section (2).

*PURPOSE: This amendment defines what the committee considers an acceptable score on the Examination for the Professional Practice in Psychology (EPPP) taken previously in another state or jurisdiction. It also eliminates the endorsement fee language.*

[(2) If the score received by the applicant on the EPPP is equal to or higher than seventy percent (70%) as computed by the testing service, the committee shall endorse that score of the individual applying for licensure in Missouri. That endorsement shall relieve the applicant of the necessity of retaking the EPPP. Before being issued a license, the applicant still must pass the oral examination and the jurisprudence examination and meet all other current requirements for licensure in this state at the time the application was received.]

[(3) Upon approval by the committee that the applicant has met the requirements of section (2), the applicant shall submit the nonrefundable endorsement fee. Upon receipt of the nonrefundable endorsement fee, the committee shall issue a license.]

(2) Passing Scores on Examination.

(A) October 19, 1979, to March 31, 1995, an applicant will be deemed to have passed the examination if the score is equal to or greater than the national mean score for that examination as computed by the testing service. For purposes of computing an applicant's score, the standard error of the mean shall not be considered.

(B) An applicant, who sat for the EPPP between April 1, 1995, and April 30, 2001, will be deemed to have passed the examination if the score obtained is equal to or greater than seventy percent (70%) at said sitting as computed by the testing service.

(C) Beginning May 1, 2001, an applicant is deemed to have passed the objective examination if he/she has obtained at least the minimum pass point designated by the developer of the examination.

(D) An applicant is deemed to have passed the jurisprudence portion of the examination if he/she has seventy percent (70%) of the total items correct on that examination. An applicant must pass both the objective and jurisprudence examinations before being eligible for the oral examination.

(E) An applicant must meet all other current requirements for licensure in this state at the time the application was received.
